

## Performance features

### ESD LABSIT with castors

Article: 9123E

YOUR WORKPLACE CHAIR

# ESD LABSIT 2

FOR ESD ENVIRONMENTS

ESD LABSIT – the clever solution for laboratory workstations with ESD properties. The combination of optimum laboratory compatibility and intuitive operation makes it a genuine all-rounder. It is compact, mobile, comfortable and offers clever details such as a handle for quickly moving it to a different location. The ESD LABSIT fulfils the requirements of ESD standard EN 61340-5-1 for reliable discharge.

Dimensions in mm	Backrest:	H 420
	Seat:	H 450–650 W 450 D 420
Packaging data	Weight	8 kg
	Volume	0.19 m <sup>3</sup>

#### Basic equipment

**Laboratory qualification** Washable and resistant to disinfectants. GMP-compliant and suitable for cleanrooms. Can be used in laboratories of safety class S1 to S3. Largely joint-free and positive-fit elements (hygienic design).

**Conductivity** Volume-conductive plastics  
Steel parts with a conductive coating  
Typical discharge resistance of 10<sup>6</sup> ohm  
Conductive castors

**Seat** Seat with Flex function at the front edge of the seat

**Upholstery elements** **Duotec ESD fabric upholstery**  
Colour: Black (9801)

**ESD artificial leather upholstery**  
Colour: Black (MG01)

**ESD Skintec upholstery**  
Colour: Black (4000)

#### Benefits

Suitable for laboratories and all types of areas where hygiene is critical, as well as specific use in the healthcare sector, universities, and the biotechnology, chemistry and pharmaceutical industries.

Exceeds the ESD requirements of DIN EN 61340-5-1  
Complete ESD safety

When the user leans forward, the front edge of the seat automatically adapts. This reduces pressure and improves blood circulation.

Duotec ESD is particularly well-suited to clean ESD environments. The upholstery is breathable and can absorb and release moisture. The ultra-soft surface ensures maximum seating comfort, even when sitting for long periods. Duotec ESD is extremely sturdy and can be cleaned with standard upholstery cleaning agents.

The PVC-free artificial leather is particularly quick and easy to clean. It is hard-wearing, easy to wash down, and resistant to oils and all commercially available disinfectants. The material is particularly soft and comfortable.

The innovative upholstery surface impresses with its aesthetics, and the soft upholstery core guarantees exceptional seating comfort. Not only is this upholstery extremely robust and hard-wearing – it's also particularly easy to care for and is resistant to commercially available disinfectants. The resistance to disinfectants has been tested and certified. The innovative production process excludes any environmentally harmful substances. Altogether, this makes Skintec the perfect

# Labsit

		combination of sustainability, comfort, aesthetics, hygiene and durability.
	<b>Supertec ESD (global innovation)</b> Colour: Black (CP01)	Supertec ESD is made from extremely hard-wearing, cut-resistant, non-slip micro-plating. Not only is it comfortable, but it is also easy to clean and breathable even on hot days.
Backrest	Plastic backrest with 3D-Flex function.	The backrest adapts to the user's movements and adapts both when the user leans back or turns the upper body sideways. This ensures dynamic sitting and optimum body support in every posture. Intuitive and automatic.
Functional handles	Practical handle on the backrest. Extremely low weight. Compact dimensions.	Ensures maximum manoeuvrability and simple handling.
Seat shell	Black	Attractive design. Increases the quality of the workstation and improves employee satisfaction.
Adjustments and functions	Seat height (infinitely adjustable from 450 to 650 mm)	Seat height adjustment to adapt to the workstation height and height of the user
Base	Polished aluminium	The polished aluminium base is easy to keep clean, durable and particularly suitable for use in laboratories.
Castors	Castors	Castors are particularly suited for workstations that require flexibility and movement. The models are equipped with soft, load-dependent braked safety double castors for hard floors (e.g. concrete, tiles, etc.) as standard.
Standards/certification	DIN EN 6134-5-1 GMP-compliant Laboratory safety class S1 to S3 DIN 68 877 GS certificate for "tested safety" DIN EN ISO 9001 quality management DIN EN ISO 14001 environmental management EMAS tested environmental management OHSAS 18001 occupational health and safety management EcoVadis CSR rating 2015 Gold	Verified by certificates from independent testing institutes. Procurement security.
Warranty	10-year long-term warranty	Free shipping of replacement parts within the entire period.
<b>Accessories</b>		
Armrests	Fixed armrests	Made from plastic
