YOUR WORKPLACE CHAIR

TEXON 2

FOR LABORATORY ENVIRONMENTS

The LABORATORY TEXON sets new standards in laboratories. With its uniform hygienic design and outstanding ergonomic concept, this model is the undisputed leader of laboratory chairs. Cleaning is particularly easy and uncomplicated thanks to the smooth, closed surfaces and the clean cover, which encloses the mechanism.

Dimensions in mm	Backrest:	H 570
	Seat:	H 450–620 W 475 D 460
Packaging data	Weight Volume	16 kg 0.25 m³

Basic equipment

Seating surface and backrest	Ergonomically shaped backrest that is tapered towards the top
	Ergonomically shaped seat. With integrated pelvic support and rounded front edge of the seat.

Upholstery elements	Click system can be changed without tools
	Skintec (global innovation) Available in black (4000), grey (4002) and off-white (4007). Artificial leather upholstery Available in black (MG01) and grey (MG11).

Benefits

Maximum freedom of movement. Allows a wide reach without sacrificing back support.	Automatically encourages a correct posture. The rounded front edge of the seat prevents blood from pooling in the thighs.
	This innovative upholstery surface has been specially developed for the TEXON and stands out on account of its aesthetics. The soft upholstery core guarantees exceptional seating comfort. Not only is this upholstery extremely robust and hard-wearing – it's also particularly easy to care for and is resistant to commercially available disinfectants. The resistance to disinfectants has been tested and certified. The innovative production process excludes any environmentally harmful substances. Altogether, this makes Skintec the perfect combination of sustainability, comfort, aesthetics, hygiene and durability.
The PVC-free artificial leather is particularly quick and easy to clean. It is hard-wearing, easy to wash down, and resistant to oils and all commercially available disinfectants. The resistance to disinfectants has been tested and certified. The material is particularly soft and comfortable.	The Flex Back increases the flexibility of the backrest and allows for slight, relieving movements in the back; can also be locked as necessary.
	Seat height adjustment to adapt to the workstation height and height of the user.

Mechanism	Automation technology with Flex-Back
Adjustments and functions	Seat height (infinitely adjustable from 450 to 620 mm)

TEXON

	Anti-shock lock	The backrest cannot move forwards unintentionally even after the lock has been released.
	Automatic weight regulation	The automatic weight regulation ensures that the backrests provide optimal resistance, supporting active-dynamic sitting. Each individual user is therefore supported intuitively, in a manner that suits their needs.
Base	Aluminium anthracite	The anthracite aluminium base is particularly robust, durable and easy to keep clean.
Castors/glides	Castors	Castors are particularly suited for workstations that require flexibility and movement. The models are equipped with soft, load-dependent braked safety double castors for hard floors (e.g. concrete, tiles, etc.) as standard.
Load capacity	Load capacity up to 150 kg	
Standards/certification	DIN 68 877 GS certificate for "tested safety" DIN EN ISO 9001 quality management DIN EN ISO 14001 environmental management EMAS tested environmental management OHSAS 18001 occupational health and safety management	The ultimate in safety and comfort. High-quality product.
Warranty	10-year long-term warranty	Free shipping of replacement parts within the entire period.
Accessories		
Armrests	4D armrests	The 4D armrests can be adjusted in height (110 mm), width (20 mm) and depth (60 mm) and can be swivelled in or out (+/-45°)
